- c. GSRs – 254
- d. District Committee Chairs – 77 (some may be chairing 2-3 committees)
- e. Area Committee Chairs - 10
- f. DCM's/Alt DCM's - 28

3. Contact Changes

- a. Reminder to send the group change/new group forms to me so I can update the Area Contacts and the Fellowship Connect databases. If you send this information directly to Records GSO (records@aa.org) then it will not be updated in our Area contacts.
- b. No longer need to list the “old” information/previous position holder
- c. District Committee Chairs – I am continuing to compile lists and enter these people into the FC database so they get their packet.

B. Fellowship Connect Database:

1. Launch of FC 3.0 effective 10/14/21 Changes:

- a. User-friendly Dashboard – Direct links to reports and announcements
- b. Automatically provides end dates for position holders
- c. Ability to choose digital or physical kits or to opt out of receiving the kit
- d. Ability to see when physical kits are ordered.

2. Delegates and DCMs currently have “read only” access to the Fellowship Connect database to view the data and run reports. Please view your meeting, GSR and committee chairperson data and run a report for your District. You can then make changes and send the changes to me. I then make the changes on the Area database and the Fellowship Connect database. Two Districts (18 and 20) have done this so far. When sending me new GSR or Committee Chairperson data, **I need their last names, phone numbers, Emails and mail addresses to put them in the GSO database.**

3. Active Group Lists – If you do not wish to go on FC yourself and run a list of your meeting and GSRs in you District, I can do this for you and Email it to you, as I did in March.

Grateful to have this opportunity to serve SIA 21,

Jodi Pelegrin, Registrar
